DIDSBURY, ALBERTA, WEDNESDAY, JUNE 10, 1953

\$2.50 a Year; 6c a Copy

Shown above is a four-generation picture of interest to many in the district. Standing left to right is Mrs. H. Seibel and Mrs. J. Gaszloff.

WESTERDALE

(From Our Own Correspondent)

Congratulations to Mr. and Mrs. D. Herbert on the birth of a son. Fisher's orchestra will be in attendance for the June 12 dance at the hall.

Mr. W. C. Wigley and Mr. Ed Opus of Hattinson spent an overnight visit last Saturday at the home of Mr. and Mrs. L. Jones and on return from Calgary visited at the home of Mr. and Mrs. Will Wigley on Monday evening.

Mr. and Mrs. L. Wahl of Edmonton spent two weeks recently visiting at the home of Mr. and Mrs. R. Jackson.

Mr. and Mrs. A. Cowie of Edmonton visited during last week at the home of Mr. and Mrs. J. Cowie.

Mr. A. P. Phil of Edmonton visited in the district over the weekend and leaves on Thursday of this week for Debert, Nova Scotia, to which point he has been transferred.

Rain washed out Sunday's baseball game with Hartmann. Next Sunday Bechtel will be visitors on the home diamond, weather permitting.

Miss Greta Kershaw of Calgary spent the weekend at her home here.

Mr. L. Jones has greatly improved the interior of the hall by sheathing in the studding on the south end with plywood and utility board. The Willing Workers Club extend appreciative thanks to Mr. Jones for time and work spent completing the job.

Miss Phyllis Jackson spent last week in Edmonton where she visited her cousin, Miss Mavis Wigley.

N.W. Conference Convenes Here

The twenty-seventh annual conference of the Evangelical United Brethren Church convened here Sunday following a most successful meet.

In all approximately 80 delegates attended the conference, coming from as far east as Winnipeg, west to Vancouver and north to Edmonton.

Fifty fields of labor are covered by the Northwest Conference and it is hoped to have a complete re-

Mountain View

(From Our Own Correspondent)

Mrs. Joe Hunter visited Sunday with her parents, Mr. and Mrs. Sam Elliott and family.

Mr. and Mrs. Walter Pratt and family visited Sunday afternoon with Mr. and Mrs. Thomas Pratt.

The ladies of the Mountain View Women's Institute are asked to keep in mind that next Thursday, June 18, is the regular meeting at the home of Mrs. Otto Blittner. Anyone is welcome to attend.

A complete list of donations from the district in the recent cancer canvass will be published next week.

Mr. and Mrs. E. G. Orr of Lethbridge and Mr. M. Rignell of Portland, Oregon, were Saturday evening guests with Mr. and Mrs. Ed McNeil and Chuck.

Mr. and Mrs. Charles Kohut and Mr. and Mrs. Ed McNeil were Thursday visitors at Lacombe.

Mrs. Naylor of Seattle is visiting with her niece, Mrs. Ed Stiles and family.

Mr. and Mrs. Stewart Tighe and Billy visited Sunday with Mr. and Mrs. T. J. Hunter and girls at Penhold.

Mr. and Mrs. John Kohut and family, Mr. and Mrs. Bob McCulloch and Robert, Mr. and Mrs. E. McNeil and M. Le Grand were dinner guests June 3rd at Gebers', the occasion being Millie and Art's birthday.

Myron Gebers left Tuesday for Farm Young People's Week at the University of Alberta.

port for our next issue.

A Youth Fellowship convention, in conjunction with the above, with 30 delegates in attendance, started here Sunday and was to convene on Tuesday.

FISHERMEN'S NIGHT HERE FRIDAY, JUNE 19

The local Fish and Game Association are sponsoring a Fishermen's night here Friday, June 19, and not Wednesday, as reported last week.

There will be prizes for the best dressed fisherman and lady, and also for children under 14 years.

Colored films are on the program and there will be a light lunch, and there is no charge to anyone.

60 Year Resident Dies In Hospital

Abner Hunsperger, a 60-year resident of this district, died Saturday in Didsbury hospital.

Born in Brown City, Mich., he came to the Didsbury district to homestead in 1894. He retired to town in 1943.

Surviving are four daughters, Mrs. Irene Rennie, Mrs. Ruby Kimmel and Mrs. Holly Petersen, all of Didsbury, and Mrs. Lottie McCoy, Carstairs; and a brother, Alvin, of Didsbury.

Rev. Clifford Hallman, assisted by Rev. H. A. Traub, conducted services held in the United Missionary Church, Didsbury, at 2:30 p.m. Tuesday.

Funeral arrangements were in charge of Didsbury Funeral Home and interment took place in Didsbury cemetery.

Rugby W.I. Plan Summer Picnic

The June meeting of Rugby W.I. was held at the home of Mrs. A. L. Hogg, with nine members and one visitor present.

Meeting opened with "Roamin' in the Gloamin'" followed by the creed.

A motion was made that Mrs. Douglas Hoggood be sent as delegate to Farm Women's Week in Oids, also that Mrs. Vipond act as delegate at the district conference on June 9 in Didsbury.

Roll call was answered by "Where I Would Like To Spend My Vacation."

A report on the provincial convention held in Edmonton was given by Mrs. O. Thompson.

A picnic is to be held at the south end of Pine Lake on July 2 instead of the regular meeting. All members and their families and members of the girls' club are invited. The tea draw was won by Mrs. G. Ray and the bit of fun was given by Mrs. C. Thompson.

The meeting closed with "The Queen" and lunch was served.

B.C. Geared For Big Vote

British Columbia's election machinery was streamlined for Tuesday's general election.

It has been a name-challenging election campaign, the most bitter in the history of B.C. politics.

The campaign closed with court actions pending, after the aftermath of the bitter campaigns waged by some candidates.

There were 229 in the field, a record, as against 212 in 1952, when about 200,000 voters stayed away from the polls. A total of 740,000 men and women are eligible to vote this year, as against 793,000 a year ago.

At press time results had not started to come in.

SOCIAL CREDIT FLOPS IN MANITOBA

The Liberal-Progressive party swept back into power in Manitoba Monday. Standings at press time showed 24 Liberals elected, Progressive Conservatives 9, CCP 2, Independent Lab. 1, Independent 1.

For the second time in as many elections Manitoba voters took very little notice of a Social Credit group's bid for representation.

Pee-Wee Baseball Here Thursday

Although there aren't too many local residents who know it, Didsbury has got a club in the Rosebud Pee Wee League. Last season the lads did not belong to a league but still established themselves as coming big-leaguers.

The newly-formed league includes teams from Carstairs, Didsbury, Oids and Innisfail, and all players are required to be 15 years and under.

The locals will play Carstairs here on Thursday night and have another home game scheduled for next Tuesday.

Uniforms for the team were supplied by the local Lions Club last year but there is other equipment which is sorely needed by the bantam league.

Your support at home games of the club will ensure them of having the tools to work with.

South West Didsbury

(From Our Own Correspondent)

(Last Week)

Miss Marybelle Befus of Edmonton was home for the weekend.

Mr. and Mrs. Carl Meyer and family and Mrs. George Meyer were Calgary visitors last Saturday.

Robert Ekins of the R.C.A.F. who spent a month's leave at his home here left Monday for Montreal.

Mr. and Mrs. J. O'Brien and family of Edmonton motored to Didsbury to spend the weekend with relatives.

Mr. and Mrs. Frank Fletcher were Sunday afternoon visitors with Mr. and Mrs. Ernest Good and Neida.

Mr. and Mrs. Gordon Burgess and family were Sunday afternoon visitors with Mr. and Mrs. Cecil Weber and family.

Mr. and Mrs. E. Pelper and Mr. and Mrs. Fred Befus attended the Seminar L.L.L. at Calgary.

Mr. Tom McNair spent several days visiting in Edmonton and accompanied Mr. and Mrs. Alex McNair to Didsbury for the weekend.

(This Week)

Mr. and Mrs. Lynn Hunsperger and family, and Mrs. D. B. Wood, were Sunday dinner guests of Mr. and Mrs. Glenn Jackson and family of Aene.

Mr. Albert Gore of Calgary spent the weekend with Mr. and Mrs. Jack Edwards and family.

Mr. and Mrs. Jack Edwards and family and Mr. Albert Gore were Sunday dinner guests of Mr. and Mrs. Albert Konsechuh and family.

Rev. and Mrs. Shuman and family of Wainwright spent the week with Mr. and Mrs. J. L. Tuglie, while the former attended the Northwest Conference here.

Mr. and Mrs. H. W. Folkman and family were Sunday dinner guests of Mr. and Mrs. Fred Befus and family.

SOME TIGER

Some idea of the kind of tiger the scientists have by the tail in atomic power may be grasped from this little statement of D. A. Keyes of the Chalk River project.

A pound of uranium 235, if converted into heat, will yield 11,400,000 kilowatt hours of energy — equivalent to the heat released by burning about 1,300 tons of coal.

"A 100 ampere hour storage battery used in a motor car contains when fully charged about a horsepower of power. The same weight of nuclear fuel contains 300 million horsepower."

Harnessing Niagara will look like child's play compared to putting this new source of power to work.

Scouts Hold 2nd Annual Father And Son Banquet

BERT PREVOST HOOKS A BIG ONE

No, it isn't one of the ones that got away. Bert Prevost has witnesses and pictures to prove it. Fishing at Gull Lake last Wednesday with Carl Gould and Len Berscht, the happy angler pulled in an 11-pound pike. Unfortunately it was caught in waters other than those specified by the local Fish and Game Association, or Bert would be a serious contender in the recently announced Fish Derby.

Large Attendance At Westcott W.I.

The June meeting of the Westcott Women's Institute was held in the basement of Westcott United Church on Thursday, June 4. The meeting opened with the singing of O'Canada and repeating the creed.

Total collected for the Cancer Fund amounted to \$78.50. Details for the conference were completed with Mrs. G. Ford named as delegate.

The meeting was attended by 16 members and 24 visitors from the Melvin, Rugby and Westdale Institutes, as well as the Lutheran ladies and other friends.

Principal attraction was "Re-makes Can Be Fun," a demonstration given by Miss Smith, home economist. A few of the ladies displayed the dresses they had made during the sewing course held by Miss Smith.

Intriguing scrap books received from Scotland showing scenic glimpses of that country, were enjoyed by all, and also the scrap book compiled by the Institute depicting current events.

Highlights of world news was given by Mrs. Ford.

"God Save The Queen" was sung and a lovely lunch was served by the hostess and her helpers.

The second annual father and son banquet of the First Didsbury Troop Boy Scouts was held on Friday in the Lions Hall. Approximately 50 Scouts, fathers and guests attended.

The dinner arrangements were in the capable hands of Mrs. Harvey Gullie, assisted by Mrs. Jay Tuglie and Mrs. Grace Hadley. Mr. George Thring acted as master of ceremonies and following the welcome expressed pleasure at the large attendance.

Dr. McNeel, Scoutmaster, introduced Mr. Paul Kreuger, field commissioner for the Province of Alberta, who talked about his work with Scouting and especially the Alberta contingent to the Second Canadian Jamboree to be held in Ottawa in July. Two local boys, Bill Burke and Lyle Ford, will represent the Didsbury Troop.

Mr. Thring then introduced the guest speaker of the evening, Mr. Geo. DuPres. Mr. DuPres is very active in Scout work in Edmonton, serving on the Edmonton district council, and is a driving force behind the movement in Edmonton and Alberta. He spoke on the importance of character and the relationship of Scout training to building character. Basing his talk on his experiences in France during World War II as a member of the British Intelligence Service, he showed how boys' minds can be easily warped with the wrong kind of training and how Scouting could help prevent this with the high idealism laid down by the late Lord Baden-Powell. He also stressed the importance of fathers taking an active interest in the activities of their sons.

Following the address of the main speaker, a draw for a cake, made by Mrs. Gullie, was won by Mr. Jay Tuglie, and an auction of a pie was carried out, with the m.c. as auctioneer.

It was an event which is definitely increasing in popularity and gives an insight into the wonderful work done through the medium of Scouting.

A unique father-son team will be broken up next month when Pte. Roger Blais leaves for Korea. Blais, 19, and his 42-year-old father, Pte. Leopold Blais, of Montreal, are both paratroopers and members of the famous "Van Doos" regiment.

The father has been refused permission to go to Korea because of his age. Only other regret he has is that he has never been able to make a jump with his son.

WEST NOTES

(From Our Own Correspondent)

Mr. E. Fisher, Joyce and Donnie, visited with Mrs. Byrt Sr. on Sunday.

Mr. and Mrs. Glen Thompson of Red Deer visited with the former's parents, Mr. and Mrs. O. Thompson over the weekend.

Mr. and Mrs. A. L. Hogg spent Sunday with Mr. and Mrs. F. Nidrie at Mound.

Mrs. L. Bunting spent a few days helping her mother, Mrs. H. Papke in Didsbury, who is recuperating from an attack of the flu.

Mrs. O. Krebs was home over the weekend.

Mr. and Mrs. L. Russell and family of Calgary visited with Mr. and Mrs. C. Byrt on Sunday.

Mr. and Mrs. Arnold Hogg were Calgary visitors last Thursday.

If it rains anymore it might be a good idea if we all go in for raising frogs. Right now it is too wet even for ducks. There is one sure thing about Alberta weather — nothing is done by halves.

HOWARD HALLIDAY NAMED DISTRICT GOVERNOR

Mr. Howard Halliday was elected district governor of Lions International for points between here and Lac la Biche, north of Edmonton, at the provincial convention of the body held in Edmonton last week. Mr. John Folkman, local president, also attended the convention.

Bergen Notes

(From Our Own Correspondent)

The May meeting of the Bergen Ladies' Aid was held at the home of Mrs. Wesley Haug, on May 28. A picnic and sale of work was planned for July and cemetery day was set for June 10.

The cancer fund books were given out and the ladies will canvass the district for this worthy cause.

At the close of the meeting the hostess served an enjoyable lunch. Rev. and Mrs. S. Swain have returned from a trip to the United States.

The United Missionary Church Sunday School picnic will be held at the Bergen school grounds on Saturday, June 13.

The Bergen-Eldswold school picnic will be held at the Bergen school on June 29. Everyone welcome.

It has been reported that Martin Arneson has killed a bear. Apparently the bear had been killing his sheep and was unaware of the fact that Martin is a veteran hunter and trapper.

TRACTOR ACCIDENTS
STILL PREVALENT

The farm tractor caused three more deaths in Alberta this past week. In the Red Deer district, Thomas Brown and his 8-year-old son were instantly killed when the tractor on which they were riding overturned, pinning them beneath. In another accident an 18-year-old girl, Pauline Daki of Marville was killed when the tractor she was operating overturned, pinning her underneath the water in the road ditch.

QUESTIONS and ANSWERS about CANCER

QUESTION: Where can I get
authentic information on
cancer?

ANSWER:
The Canadian Cancer Society
will gladly furnish you with
up-to-date, correct information.
These pamphlets are
free upon request. Write or
call your nearest office.

Canadian Cancer Society
231 7th Ave. E., Calgary, Alta.

TREATED GRAIN
SAID DANGEROUS

Though the season of treating
seed grain has passed, the Alberta
Wheat Pool would like to point out
the danger involved in this opera-
tion. This spring at least two
farmers died as a result of mercuri-
al poisoning. Early in April a
young farmer in the Stony Plain
district near Edmonton, died the
day after he had been treating
seed. Last week the death of a
farmer in the Calgary district was
reported. He was found in a bin
from which he had been loading
treated grain into a truck.
In both cases the cause of death
was attributed to inhaling too much
of the mercuric dust.

WET SPRING

The average precipitation in Al-
berta from April 1 to May 25 was
3.04 inches, compared with a nor-
mal of 2.28 inches. The wettest
spot in the province, according to
the Dominion bureau of statistics,
was Fort Macleod in Southern Al-
berta with 5.27 inches of rain. The
driest region was Rycroft in the
Peace River district, with 1.29
inches of rain.

ENGAGEMENT ANNOUNCEMENT

Mr. and Mrs. Fred Batten of
Elkton announce the engagement
of their youngest daughter, June
Noreen, to Mr. Robert E. Lee, son
of Mr. and Mrs. Robert Lee of Cal-
gary. The wedding will take place
in Knox United Church, Didsbury,
at 2 p.m. on June 27.

A Policeman's Life

LONDON — A policeman is a lonely man. The nature of his job has driven him to society with other policemen. He sees the public as a threat. He seldom sees it at its best and it seldom welcomes him.

Professor William A. Westley made these observations Wednesday in a speech to the Canadian Political Science Association on "The Policeman and the Public." His data was drawn from a recent study made of the police force of a United States city with a population of 140,000, and the results should apply generally, he said.

"On the beat he meets the pedestrian, the drunk, the bartender,

the merchant, the prostitute and the priest... As a detective he meets the complainant, the accused, the rapist and the raped. In courts he meets the lawyer, the judge, the politician and the city hack. Mostly he meets them in their evil, their sorrow, their degradation and defeat."

The average policeman did not realize that 80 per cent of the people were unfavorable towards policemen. But he had a pretty good idea he was not liked. Policemen had estimated that between 62 and 73 per cent of the public were hostile to them.

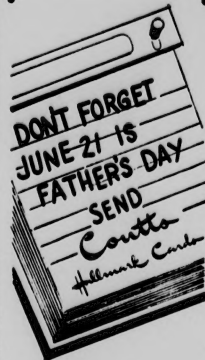

This universal condemnation which the policeman senses has a deep effect upon him. As several of the policemen in the city observed put it, "we're just 140 against 140,000," Professor Westley said.

When the policeman says things like "I wanted to beat the h— out of them," Professor Westley said, he is probably just expressing symbolically all the injustices he feels.

CALF CLUB SHOW AND SALE, JUNE 10

The Junior Calf Club show and sale will be held in Carstairs this year on Wednesday, June 10.

Clubs from Westward Ho, Olds, Crossfield, Jutland, West Didsbury and Carstairs are entered and approximately 100 calves are expected to be shown and sold that day.

Illustrated—The Bel Air 2 Door Sedan

...year after year!

1st Place with Fisher Body Quality!

Chevrolet's rugged Body by Fisher is now even more outstanding in styling, in comfort and conveniences, in quality of workmanship and materials. Visibility is greater with the new one-piece windshield and panoramic rear window. Construction is heavier and more rigid, for even greater safety. Interiors are roomier with finer fabrics and more handsome appointments.

1st Place with High Compression Power!

The new 115-h.p. "Blue-Flame" valve-in-head engine teamed with the new Powerglide automatic transmission as an option at extra cost on "Two-Ten" and Bel Air models has an extra high compression ratio of 7.5 to 1. In gearshift models, you get the new 108-h.p. high-compression "Thrifty-King" engine. Both bring you far finer performance on far less gasoline!

1st Place with Powerglide and Power Steering!

Chevrolet's new Powerglide (optional at extra cost) on the Bel Air and Two-Ten series is the newest, most advanced automatic transmission in its field. A new automatic starting and passing range gives you flashing getaway from a standing start, or for passing in city driving. Power Steering—optional at extra cost with Powerglide—lets you steer and park with fingertip ease, and drive with greater safety everywhere.

1st Place with Economy and Value!

This year's Chevrolet brings you the most important gain in economy in Chevrolet's entire 40-year history! You go much farther on every gallon of gas (regular gas, at that). You save on overall costs of operation and upkeep. You save every mile you drive with this great new '53 Chevrolet. Yes, with all its higher quality and new features, Chevrolet is again Canada's finest low-priced car!

1st Place with All the New Things You Want!

More weight, more stability, more road-steadiness, with Centre-Point rear suspension and the softer, smoother Knee-Action Ride. A wider choice of body types and color harmonies. And, optional at extra cost, GM Shade-Lite Tinted Glass with exclusive, graduated windshield tinting, and the amazing GM Autronic Eye which automatically dims and brightens headlights.

RED CROSS SOCIETY NEEDS MORE BLOOD

Blood transfusions cost money. The blood given to the Red Cross Society is free and in turn, Alberta people are given free blood and blood products as necessity requires. Between the giving of blood by the donor and the returning of it to the patient . . . in other words the collection and distribution of blood . . . there are high processing costs. In Alberta, each bottle of blood that is collected, processed and sent out to hospitals costs approximately \$6.00. This cost is made up of the initial collection, the laboratory work, expensive technical equipment and the eventual despatch of the blood to its destination.

Plasma, which is often required and is kept on hand in all hospitals, costs the Red Cross Society \$25 per tin, for each tin requires five bottles of whole blood.

During 1952, 45,159 bottles of blood and 1,768 tins of plasma were issued to the 138 hospitals served by Alberta's Red Cross Blood Transfusion Service. The value in the use of blood, counted in lives saved and suffering lessened, is beyond price in dollars and cents.

The Red Cross Society is supported by the Canadian people. Their donations, given in the yearly appeal for funds, pay for all services given freely by the Society. With only three per cent of Red Cross personnel paid workers, it can be seen that the money given to Red Cross is administered right back to those who need Red Cross services.

Canada, and the world, would be many times less happy without such as the Red Cross Society. Your blood is needed, and so are your dollars.

A blood donor clinic is slated for Didsbury July 2, and the objective is 150 donors. With an all-out effort we can do much better than that.

Weed Sprayers: If you contemplate the purchase of a sprayer there are some features you should look for on your new weed sprayer:

1. Low pressure, low gallonage fog type nozzles which will deliver 3 to 5 gallons per acre.

2. Rustproof tank and boom. The sprayer will last longer and there will be no scale to plug hose lines, pumps, screens and nozzles if anti-corrosive materials are used throughout.

3. Anti-Corrosive pump. The bronze gear type fitted with proper packing gland and a suitable fitting for hard-type water pump grease are generally recommended. The rubber paddle or plunger type of pump is not satisfactory where the emulsion of 2,4-D ester is used.

4. The sprayer should have adequate filtering capacity to ensure against nozzle plugging.

5. The machine should have pressure regulating devices and pressure gauge within easy reach of the operator.

6. There should be a by-pass on the pump to provide for thorough agitation of the fluid in the supply tank while spraying. This calls for a pump of ample size.

7. There should be a pump sufficiently large to provide for fast refilling of the supply tank.

8. A suck-back control unit is also desirable. This prevents drip at the nozzles whenever the outfit is stopped in the field for any reason, and the resulting burned streak of crop under the boom.

9. The boom should be adjustable for heights ranging from 16 to 36 inches.

10. Markers are desirable in order to avoid overlapping or missing parts of the field. Satisfactory markers are now being offered for sale.

11. The machine should be simply constructed of high quality material and replacement parts should be readily available. In my opinion a good weed sprayer is a sound investment for most any farmer.

Let's talk about
POWER FUEL!

... it's one of your most important questions on the power farm. Purity 99 products are built to get top power performance out of all your machinery. Their proper use cuts operating costs to a minimum with cleaner engines and better lubrication, providing more power and pull for every drop of fuel. Call in and see us about your power fuel problems. We're only too glad to advise!

**IT'S TRUE — SLOWPOKES
ARE DANGEROUS**

It is perfectly true that excessive speed is the reason for most highway accidents. But the other kind has some responsibility too.

In New York State they are going to do something about the slow-pokes who dawdle along at 15 to 20 miles per hour on a busy week-end. And the longer the line of honking motorists, the more slowly they dawdle.

After July 1st, no motorist in New York State "may drive at such a slow speed as to impede or block the normal and reasonable movement of traffic."

Something like that could be a big help to highway traffic in Alberta, especially when we consider the number of tourists who will be using our roads when the annual tourist season gets underway within the next few weeks.

**FOR YOUNG
MEN
OF 16**

**Trades Training for an Army Career
Under the Soldier Apprentice Plan**

The Canadian Army Soldier Apprentice Plan offers a unique career opportunity for young men of 16 who want a good future. 3-way programme trains Soldier Apprentices for careers as skilled soldier tradesmen.

- Trades training under expert instructors in one of 16 skilled trades.
- Academic training in physics, chemistry, algebra, English, etc.
- Military training as a Canadian Soldier.

Soldier Apprentices follow a balanced programme of study, work and play; live in separate residence at Army Schools under supervision of military and civilian instructors. It's a healthy, beneficial course of training that prepares Soldier Apprentices for fine careers.

Soldier Apprentices are eligible for all Army benefits, pensions and the 30 days annual leave. They receive half pay while 16 but

upon reaching their 17th birthday they receive full pay with extra group pay as they qualify.

The young man who is interested in the happy, healthy and purposeful life of the Soldier Apprentice should investigate immediately.

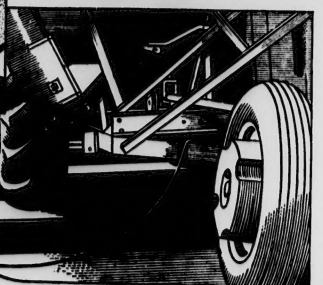

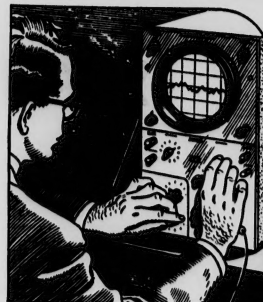

The coupon below will bring you full details without any obligation.

MASSEY-HARRIS MACHINES

**NOW TESTED
FOR STRENGTH**

Electronically

Using scientific apparatus for stress analysis, research engineers put Massey-Harris machines over the Massey-Harris full-scale test track, specially designed and built for studying and proving the design and construction of modern power farming equipment.

This electronic equipment records the inside story of strains and stresses set up in frame members and working parts in

operation—such information is most helpful in the development and production of new machines and improvements.

In design and construction, Massey-Harris machines offer the latest developments in modern engineering and research, bringing advantages that enable work to be done easier, quicker, and at less cost.

CANADA PREPARES TO
DEAL WITH DISASTER

WHAT ABOUT THESE A-BOMBS?

Seeking to dispel mystery which creates uneasiness, Canadian civil defence authorities have set out, in manuals and other material prepared in connection with the national preparedness program, to tell people just what may be expected from the much-publicized and even more misunderstood "A-bombs."

Full details on the types, effects and special attributes of atomic weapons are contained in the book "Personal Protection under Atomic Attack" which has been made available to all interested in defending Canada against possible enemy onslaught.

Those training in the various civil defence services are being taught even how much damage and how many casualties might be expected from the various types of bomb bursts, and anyone who reads the federal publications can obtain a very good idea of what to do before, during and after raids, even with the most deadly weapons yet devised.

Belief that atomic weapons would destroy the earth is foolish, say the experts. Although atomic weapons hold more death and destruction than man has been able to put into one package before, and the new hydrogen bomb may be even more devastating, their power is limited.

RADIOACTIVITY

Danger from radioactivity, which most people fear, is less serious than generally believed. Fewer than 15 per cent of Japanese A-bomb deaths and injuries were caused by radioactivity and, had the Nipponese known how to prepare against A-bombs, that percentage would have been reduced considerably. Radioactivity, Canadians are reminded, isn't anything new. It occurs in X-ray and even in rays from the sun. It is only harmful when absorbed in overdoses, just like sunburn.

Fortunately, almost anything that stands between a person and these rays acts, to some extent, as a shield, although considerable thicknesses are required to give complete protection. Manuals explain how much covering is required to ward off dangerous rays, and advise those caught outside in a raid to seek cover to minimize possible radioactive effects.

HEAT FLASH

When an A-bomb bursts, a wave of intense heat travels in all directions at about the speed of light. Here again, fortunately, it goes only in straight lines, so that buildings, etc., can protect you. One major danger from such heat flash is the fires it may start. Damp or foggy weather reduces the range of the heat flash and clothing, even, offers some protection. There is not much danger of heat flash burns at a distance of more than 5,000 feet from the bomb burst. If there is sufficient haze to reduce visibility to one mile.

BLAST

Experts don't attempt to minimize the terrible toll which would be taken by blast. It would be capable of crumbling buildings and matchwood. Buildings up to a mile and a half from the point at which a bomb exploded would be severely damaged, if not totally destroyed. That is why people are advised to throw themselves down wherever they may be when the bomb goes off. They should get under cover, even if it's only a desk or a table indoors. The stronger the buildings in which they shelter, of course, the safer they'll be.

Canadians are reminded, too, that structures may be weakened by bomb blast, so they should keep away from buildings which may fall, even long after the blow has passed.

TYPES OF BURSTS

Of the three types of A-bomb burst, that which goes off high in the air is the worst, since it spreads have downwards over a wide area. If a bomb explodes in water, such as a lake, river or the sea, it may fill the air with particles of radioactive droplets, which can do damage, as well as create a water surge detrimental to the shoreline. A "ground-burst," exploding at ground level, would have restricted damage range, but would cause quite a "quake" and, too, might send up a lot of radioactive dust.

KNOWLEDGE IS POWER

These facts are being made known to the Canadian public as widely as possible in order that all may know what to expect, and therefore, what to do about such possible dangers. Knowledge is power, and at least, Canada won't be caught totally unprepared. In fact, the main objective of governments at all levels is to see that the country is not caught unawares — that it is not only ready, but trained, to cope with catastrophe, no matter where or when it strikes.

RECURRENT

The doctor was puzzled when a patient showed up suffering from a malady he couldn't diagnose. "Have you ever had this before?" he demanded. "Yes," admitted the patient. "In that case," the doctor replied, "you've got it again."

How much
does a wildcat cost?

A "wildcat" is a well drilled in an area where oil has never been found. Drilling costs vary, but the average wildcat in western Canada runs to more than \$100,000. One well cost \$1,600,000—and found no oil!

Oil is making an increasingly important contribution to our standard of living. How many of these questions about it can you answer?

How many wildcat wells find a new oil field—
1 in 3? 1 in 7? 1 in 23?

Since 1919 the cost of living index has risen by 85%. During that time has the price you pay for gasoline gone up by—
44%? 75%? 103%?

A lot of oil has been discovered in the west since 1946. In that time have Canada's oil reserves increased—
4 times? 23 times? 37 times?

Here in Alberta, who owns oil in the ground governments? farmers and other landowners? oil companies? other business corporations?

Canada's growing oil industry means orders for many businesses, jobs for many Canadians. Last year Imperial's purchasing department bought equipment and supplies from Canadian firms amounting to—
\$12 millions? \$36 millions? \$110 millions?

The long-term average in western Canada is 1 in 23. Only 1 in 87 has found a field capable of producing as much as 2,000 barrels a day.

The average retail price of gasoline is only 44% higher than prewar, even with higher road taxes in all provinces.

Reserves have increased 23-fold in the past six years. Canadian fields now supply all the prairies and part of B.C. and Ontario.

Three answers are right. Oil companies do not own mineral rights. They are on a share-cropper basis; they do the work and take the risks of failures, paying up to 10% per cent of all oil produced to the owner of mineral rights — usually governments, which own 90% of the rights to Alberta's minerals.

\$56 millions. About 4,500 Canadian companies sold Imperial supplies ranging from heavy steel plates to paper clips.

IMPERIAL OIL LIMITED
oil makes a country strong

Canadian Election Next Month?

Within the next month, and following his return from the Coronation ceremonies in London, Prime Minister Louis St. Laurent is expected to make a public announcement setting the date for the next federal election.

According to all "guesses" from astute reports in Ottawa, it seems more than probable that the election will be set for an early Monday in August.

This means that the summer months in Canada will be spent in the throes of what promises to be an exceedingly "hot" election campaign. The main opposition — provided by George Drew and his Progressive Conservatives — are confidently expected to make some inroads on the large Liberal majority in the house. The army scandal at Petawawa which broke earlier this year; the unpopular government attitude in respect to television policies; and the old chant of "it's time for a change" are expected by opposition to com-

bine to embarrass the government in many Canadian constituencies. At the present time, however, there seems little likelihood of replacing the Liberal party with another as the governing body of Canada. Social Credit stalwarts confidently proclaim a big increase in the number of seats held in the House of Commons, but Social Credit support is weak outside of Alberta, and possibly B.C. It is practically non-existent in Ontario and Quebec, and no party can hope to elect many seats in the Canadian parliament without the strong support of these two provinces.

—The Lacombe Globe

BETTER THAN A ROOSTER

A new electric device acts as a timer. It turns almost any home appliance on and off automatically. It is said to continue operation indefinitely without resetting, but can be made to skip a day or more.

Notes From D.A.

HUGH McPHAIL

Wild oats probably cost the farmers more than any other weed. The following reports indicate the possibility of chemical control:

A new chemical, maleic hydrazide, has been used with success in the controlling of wild oats at the Dominion experimental farm in Ottawa. This project is still in the experimental stage, however, and the chemical is not yet available for commercial use.

A field of barley contaminated with wild oats was sprayed at the rate of one pound per acre of this chemical at the time the barley had been in head for six days and wild oats were only in the shoot-blade stage. The treatment made the heads of the wild oats sterile but did not affect the barley.

The same treatment applied on a variety of oats which headed at the same time as the wild oats and on a variety of wheat which headed at the same time as the barley caused almost complete sterility of

the oat crop and the partial sterility of wheat.

George Knowles, who conducted the experiment, said that the margin of difference in the growth stage between wild oats and some cereal crops may make the selective control of wild oats possible. Further tests will be made on experimental farms located in areas where wild oats is a serious problem.

DISTRICT NEWS

Donors Needed By Red Cross

The Red Cross Blood Transfusion Service must of necessity operate with the greatest efficiency and economy. Consequently, it must hold clinics only at points where at least 100 blood donors are available. For that reason the organization requests communities to co-operate to the utmost and to support the clinic at the most convenient centre.

A. W. Haley, organizer of blood donors' clinics in Southern Alberta, points out that the more donors available at a central point the less the cost. With modern transportation there is not a great deal of inconvenience for communities to select such a point. The Red Cross staff for this work is limited and the appropriation available necessitates the greatest economy.

The Alberta Red Cross Blood Transfusion Service is doing marvelous work in the cause of humanity. It makes instantly available blood types required for any emergency. Hundreds of victims of accidents can testify to the value of this work.

Mr. Haley, who has organized blood clinics all over Southern Alberta, testifies to the goodheartedness of the public in freely contributing of their blood in this worthy cause. He would like to see the friendliest co-operation of communities in supporting clinics at central points.

A clinic, with 150 donors as the objective, will be held in Didsbury, at the Evangelical Church, on Thursday, July 2, from 12:30 to 3:30 p.m.

K.I.B.A.M. BASEBALL LEAGUE 1953 SCHEDULE

 Wednesday games, 6 p.m.

FALLEN TIMBER

(From Our Own Correspondent)

(Last Week)
 A 10-cent tea was held Friday afternoon at the home of Mrs. Bill Money. The afternoon was spent in cutting silk pieces for a quilt. The ladies' meeting in June is to be held at the home of Mrs. Glenn Cooper.

Mr. and Mrs. Glenn Cooper, and sons Michael and Murray, and MacDonald, attended a birthday party for Mr. Bill Graham Friday evening at his home. The family presented Bill with a Lazy-boy chair.

Mr. and Mrs. L. Barsness, Raymond and Sharon, of Saskatchewan, spent several days visiting at the home of Mr. and Mrs. L. Wannamaker.

Mr. and Mrs. B. Dick spent a few days visiting in Calgary at the home of their son and daughter-in-law.

Mr. Bob Moore and his mother, Mrs. O. Moore, were visitors in the Bergen district one day last week.

We see Miss Ester Johnson is wearing a diamond. Mr. Barry McMullen is the lucky chap.

The regular meeting of the Busy Bees was held at the home of Mrs. Glenn Cooper with twelve in attendance. Don't forget there's to be a food table, contents to be auctioned, at the school picnic, Wednesday, June 10. The ladies are to meet at the home of Mrs. W. Fyten to work on the quilt. Then on June 24 they are to meet at Mrs. Fyten's to finish the work.

Mr. J. Van Holland, Mr. Barry McMullen, Miss Ester Johnson, Mrs. Wannamaker, Donna and Billie, spent a week ago Sunday visiting Banff, Lake Louise and Mt. Norquy. They also visited Mrs. Joe Perkins in Cochrane.

Mr. and Mrs. W. Fyten and Mr. and Mrs. F. Herbert took in one day of the Stampede and despite the wet weather enjoyed the show very much.

Mr. and Mrs. Johnny Howton and children visited at the home of Mr. and Mrs. G. Hone on Coronation Day.

Mr. and Mrs. Bill Money and family were visitors at the home of Mr. and Mrs. Johnny Howton Friday evening.

Mrs. Esther Roberts and children have returned to Wrentham.

Mr. and Mrs. J. Howton and Danny and Jeannie visited at the home of Mr. and Mrs. D. Stair a week ago Sunday.

Mr. and Mrs. W. H. McGaffin of Didsbury had as their guests this week Mrs. Lily Coleman, Mr. Belle Hay, sisters of Mrs. McGaffin, and Mr. and Mrs. R. Gustafson and Carol Coleman of Minnesota, and Mr. W. Coleman of Nebraska.

EAST NOTES

(From Our Own Correspondent)

The next W.I. meeting will be held on June 17, instead of June 10, at Mrs. Patterson's. Please keep this date in mind.

Mr. and Mrs. Bill Haderer and family and Mr. and Mrs. Schumaker were Sunday evening visitors with Mr. and Mrs. Alfie Thompson.

Mr. and Mrs. Peter Neufeld and family were Friday evening visitors with Mr. and Mrs. Schumaker and family.

Clifford and Delores Haderer spent the weekend at their respective homes with their parents.

Mr. and Mrs. Neufeld and family visited with Mr. and Mrs. Alfie Thompson and family Thursday evening.

Miss Jessie McCulloch and Stanley Schumaker called on Mr. and Mrs. Sandy Brander recently.

Midway ballplayers played Keoma on Sunday with the latter team coming out on top.

CHRISTIAN SCIENCE

In Christian Science churches on Sunday, the Lesson-Scripture is entitled "God the Preserver of Man" and the Golden Text is from Proverbs: "Who so putteth his trust in the Lord shall be safe." (29:25) Also from the Bible is this passage: "Humble yourselves therefore under the mighty hand of God, that he may exalt you in due time; casting all your care upon him: for he careth for you." (1 Pet. 5: 6 and 7). And from "Science and Health with Key to the Scriptures" by Mary Baker Eddy: "The sharp experiences of belief in the suppositions of life of matter, as well as our disappointments, are all ceaseless waves, turn us like tired children to the arm of divine Love. Then we begin to learn Life in divine Science." (322: 26 - 30).

COYOTE HUNT NETS 150

A coyote hunter says that an aeroplane flown by Don Murray, with local residents as marksmen, resulted in the slaughter of 150 coyotes in the Strathmore district. In spite of that effort coyotes are still plentiful in that region.

on the Farm

YOU CAN BUILD
 INSULATE
 RESIST FIRE

all at one time, one low cost!
 STRAMIT for the FARM HOME

Modernizing your farm home is easier, quicker, definitely cheaper when you build with STRAMIT! Only STRAMIT gives you — at one time, in one low-cost material — a tough, rigid building board AND a lightweight, smooth-surfaced wall-board. Plus high sound-deadening value, effective fire-resistance and hot-cold insulation!

STRAMIT, produced under license in Innisfail, is made by pressing clean, heat-treated straw into solid building slabs of incredible structural strength. Fire-resistant STRAMIT is completely fire-proof when plastered on both sides. Used extensively in Europe and America, it has the approval of governments whose building and fire codes are among the strictest in the world.

Pre-treated STRAMIT cannot warp. Use it for roof-decking, walls, ceilings. When you build a partition with STRAMIT you erect both sides of once! The smooth Right paper surface can be papered, plastered or decorated. For unique decorative effects a special type of STRAMIT is available from which the paper cover can be stripped—use the exposed straw in golden varnished color or painted for texture effects! You'll find STRAMIT easy to work with — you'll find it saves time, money and labour!

STRAMIT may be used in small areas as desired—gives you insulation plus rigidity!

STRAMIT is 2" thick, 4' wide — can be supplied in standard lengths of 6', 7', 8', 9' & 10', or mill-cut any length. Mail coupon today for the name of your nearest dealer, plus full information and construction plans.

MAIL THIS COUPON TODAY!

Little Items of Local Interest

Mrs. Sid Fox returned Saturday following an extended visit with relatives in California.

Mr. and Mrs. Bill Ranton and son Brent, of Alexo, visited Sunday at the E. O. Ranton home.

Mrs. E. Martin left Sunday for her home in Saskatchewan following an extended visit at the home of her son-in-law and daughter, Mr. and Mrs. S. Devine.

Mrs. John Holub and Margaret Ann arrived home Sunday from Drumheller where they visited with Mrs. Holub's father, Mr. Nichol.

Mrs. Clayton Johnson and Miss Josephine Burrows of Edmonton, spent the weekend at the home of the former's parents, Mr. and Mrs. Bryan Johnson.

Mr. James Kirby and Mr. Clint Reiber left Sunday for a vacation, destination unknown. The last report was that the toss of a coin would decide the direction in which they would travel.

Mrs. T. Finley of Calgary and grandson Terry Nickle, spent the weekend visiting in the district. Terry is the son of Mr. C. O. Nickle, well-known oil authority and Conservative member of parliament from Calgary.

Mrs. Dave Milner and baby daughter visited last week with the former's sister, Mrs. C. McNichol. Miss Marie McPhail, another sister, arrived here Friday to spend the weekend. Mrs. McNichol accompanied her sisters on their return to Edmonton for a short visit.

Mrs. S. Anderson, formerly of Didsbury and now of Calgary, was a visitor in town last week.

Dividends for members of the Mountain View Co-operative Live-Stock Marketing Association were put in the mails within the past week.

Mrs. Jack McCloy and Mr. Jack Riddoch celebrated their respective birthdays at a quiet gathering last Saturday night.

The Pioneer would welcome any information as who they may contact to serve as a correspondent for the Harmanian and Carstairs areas.

Mrs. T. Morris was installed as Grand Ada of the Grand Chapter of Alberta at Lethbridge last week. Others attending from here included Mrs. Ray Campbell, Mrs. Ken Waugh, Mrs. E. Wiggins, Mr. and Mrs. Reid Clarke and Mr. Tom Morris.

Those from out-of-town who were in attendance at the 50th anniversary of the Evangelical United Brethren Church here, included: Mr. M. Weber, Mr. and Mrs. Ed Lesmer, Mr. and Mrs. J. Mowers, Mrs. B. Shantz and Mr. and Mrs. H. Schmidt, all of Calgary; Mr. Robert and Mr. Otto Mueller of Ghost Pine. Mr. Weber was guest speaker of the evening and gave an interesting outline of his experiences as a pioneer in Western Canada.

**HOUSEHOLD ECONOMICS CLASS
HOLDS FASHION DISPLAY**

Friday afternoon the household economics classes held their annual fashion and display tea in the Lions Hall.

Besides the shirts, blouses and dresses modelled by their makers, there was a good display of needle work, all very well done.

A great deal of credit must be given Mrs. Kimmitt and her students for the time and effort during the year. A very delicious tea wrote finis to an enjoyable afternoon.

LOST — One khaki trench coat, almost new. The owner would be more than pleased if the finder would phone 90. No reward has been mentioned but it is likely it will be considerable.

Business couldn't find a job
 Although he vainly tried
 'til the day he advertised
 in our classified.

**ANOTHER FARMER
TRACTOR VICTIM**

William Alexander Dennison, 52-year-old farmer of Melita, was killed when his tractor overturned while he was working on his farm. The increasing number of tractor accidents in the past few years points up the care which should be taken with this mechanical killer.
